The relaxing family room is the perfect spot to unwind, centered around a gorgeous stone fireplace for cozy evenings. The primary retreat is a sanctuary, complete with its own sitting area, dual walk-in closets, and a spa-like 5-piece ensuite. An additional large bedroom on the main floor, currently used as an office, could serve as a secondary primary retreat, offering flexibility for multi-generational living or guests. A spacious laundry room with added storage, new washer & dryer, and direct access to the east-facing patio adds both functionality & convenience. Downstairs, the fully finished walk-out basement is bright & inviting, thanks to large windows in every bedroom - you'll forget you're

even in a basement! It features three additional bedrooms, a generous rec room, a gym space, and another 4-piece bathroom. Plus, there's a second summer kitchen, perfect for guests or entertaining by the water. Car enthusiasts and hobbyists will love the heated "man cave" garage, with tons of storage & workshop space. Need more room? The garage can be extended further by removing the shelving separating the workshop & parking space.
